July 2018

Data			
Birth:	18-01-80	Driver license:	Danish (B - standard)
Age:	38 years	Pilot license:	EASA CPL, IR(ME), non-type rated
Family status:	Single	Medical:	EASA Part-MED class 1
Citizenship:	Danish	Language proficiency:	English and Danish, Level 6

Summary

In 2017 I decided for a career change and pursue a lifelong dream of becoming a commercial pilot. I have completed basic flight training since 2017 and are now ready for type-rating on B737, A320 or similar. I am open for self-sponsored (possibly bonding) contracts and open for opportunities in all of Europe. The most important criteria for me is joining a company with culture for continuous learning and improvement – basically a friendly workplace where questions are always welcome.

Flight experience			
Total hours:	297	SE VFR/IFR hours:	185 / 76
PIC hours:	120	ME VFR/IFR hours:	4 / 32

Flight training (modular)	
June 2018	Multi Engine class and instrument rating (IR(ME)), Billund Air Center A/S
May 2018	Multi Crew Coordination Course (MCC), SKY4u Aviation Service GmbH
April 2018	Commercial Pilot License (CPL), Flight4000 Aviation Academy
March 2018	Instrument Rating (IR(SE)), Flight4000 Aviation Academy
2017 – 2018	ATPL theory, Flight4000 Aviation Academy
November 2016	GEN radio certificate, English proficiency level 6, Flight4000 Aviation Academy
2014 – 2015	Private pilot license (PPL SEP(L)), Roskilde Flyveklub

Personal profile

- Through more than 10 years of experience with development and maintenance of complex software systems and interfaces, I have developed a **natural cool headed and solution-oriented attitude**. My signature is keeping **calm** when the pressure is high and the clock is ticking to facilitate wise decisions – even when all options seem exhausted.
- I am a **strong communicator** with many years of experience in bringing business owners and technical experts together and create common understanding of problems.
- I am a **skilled trainer** with years of experience in teaching in use and maintenance of complex software applications – both on a professional and user level.
- With my **easy-going attitude** I quickly build strong relations between myself, colleagues and business partners. I tend to keep a slight professional distance that always allow me to act professional and rational in all decisions.
- My hands are **working hands**, and I am always willing to go the extra mile, help a colleague or work flexible if necessary to achieve a common goal.

	Professional Career

Jul 2013 – Sep 2017 · **Project & Application Specialist**, Getinge Group

- Global project management on customer implementation projects on the medical software product T-DOC for sterile traceability and supply management in sterile supply units and surgical units in hospitals using PRINCE2 tools.

2010	Foundation, ITIL v3, Learning Tree International

Languages

- Danish (Scandinavian), native language.
- English, speaking and writing fluently.

General activities and interests

My dream of flying started in Roskilde Flyveklub, which is a club with around 300 pilots, and I still spend a good part of my time on activities in the club. Friends are of course important, and I try as often as I can to have friends over for dinner or go out together for cultural events in the city. I make myself useful as a volunteer in different organisations and associations when time allows.

Reading the newspaper in the morning is a morning ritual. Many among my friends including my brother are journalists, so political affairs and business news are common subjects during dinners and social events. Through my career until now travelling has been a great part of my life, and I have really enjoyed it and made a lot of friends from all over the world. When I have a couple of hours available in Singapore, Johannesburg or in Faroe Islands I never hesitate to get out and experience something or meet somebody while I am there.

Every year I select a couple of marathons and triathlons to have a goal for the motivation of training and keeping myself fit. I don't like gyms but prefer outdoor activities such as running, biking, hiking and swimming at the beach.
